Leonard Abner, charged with being implicated in the murder of James Lane, a prominent farmer near Berea, in June, has been arrested in Oklahoma.

R. G. (Rout) Ballard a stock dealer from Garrard county came to Rockcastle county last week and bought mules and cattle to the amount of nearly \$2,000, giving checks on the Peoples Bank of Paint Lick, which went to protest.—Mt. Vernon Signal.

J. Hogan Ballard, of Bryantville, is one of the most conscientious automobilists in this section of the country. On his way from Lexington last week he ran down and killed a hen, and instead of going on, unmindful of the grief of the owner of that hen, he immediately stopped, got out, tenderly picked up the unfortunate fowl and rang the doorbell of the house nearby. A woman opened the door and he began to talk, saying: "I am very sorry to inform you that I have unintentionally killed this hen of yours," and stated that he was willing to pay all damage, but the good lady said: "I am much obliged to you. I have been trying to catch that hen for three days to cook for dinner and I never could lay a hand on the pesky thing. Thank you, sir; thank you." So he raised his hat and said: "You are entirely welcome."—Nicholasville Tribune.

"I think I must be going," remarked the young man for the tenth time.

"You do not appear to me to be going," declared the young lady, after inspecting him carefully. "You seem to be perfectly stationary."

The sect known as the Triune Immersionists, who have been patiently waiting for the world to come to an end at West Duxbury, Mass., for the past two days, have left the theater of their activities, as the millenium failed to appear on schedule time. Hungry and tired most of the 300 have repaired to their homes.

Col. George Bohon and wife, Miss Hannah Poteet and Hanley Bohon and wife ran over from Harrodsburg Sunday in the former's auto. Dr. Jas. Wesley says he concluded to "move away from where he lives now," so he placed his large two story dwelling on rollers and has it now more desirably located a few hundred yards from the old site and nearer to the public highway. New corn is being sold for \$2.50 per bbl., delivered at gathering time, but few sales are being made. Is a candidate for Police Judge of Crab Orchard, subject to the action of the democratic party and asks your support.

MR. HELM AT DANVILLE.—Col. W. P. Walton, in the Lexington Evening Gazette, has a very complimentary editorial account of the Danville Government Building corner-stone laying in which he says of a Stanford man the following: "The guest of the occasion, Congressman Harvey Helm, delivered a fine address from a platform erected in a beautiful grove on the Central University campus and showed himself an orator of always increasing power. A more appropriate speech could not have been delivered, and he was complimented by everybody." The Danville Advocate of the same date says: "The Advocate takes great pleasure in laying before its readers in this issue the eloquent and excellent address delivered by Hon. Harvey Helm, Congressman from this district, Wednesday afternoon in connection with the ceremonies incident to laying the corner-stone of the Government building in this city, the appropriation for which he has been largely instrumental in obtaining. Without invidious distinction or in any wise detracting from the merits of others delivered on the same occasion, it can be truthfully said that it will compare favorably with any ever before delivered anywhere by anybody at any time, and all those not fortunate enough to hear it upon perusal will bear out this assertion. Congressman Helm has not only developed into an orator of great ability, but has, during his term in the House, proven himself an intelligent, faithful and conscientious worker for the best interest of his constituents, and should, and doubtless will receive the plaudits of (well done, good and faithful servant.)"

ONLY 34 more days till the election is pulled off in Lincoln for county officers. Democrats must stand shoulder to shoulder and elect the splendid ticket presented the people to serve them for the next four years. If there be a democrat in Lincoln county dissatisfied over the nomination of any democratic nominee that defeated a friend of his in the primary, our appeal to him is to keep his record clean by voting the straight democratic ticket and be governed by an obliging, painstaking and capable set of officers, rather than a crowd nominated by a steam roller machine over the wishes of their party. Will the anti-machine republicans and the rank and file of their party continue to let this machine grind out its nominees and keep those who oppose it sitting in the background, with no hope of reward? The machine bosses didn't even let them have a membership on the county executive committee. Why didn't they, we wonder? Because the machine had to use the committee in order to get the Federal patronage in Lincoln county that is distributed at the pie counter. Kentuckians, democrats or republicans, won't stand for machine-made nominees and bosses. They love fair play and when the ballots are counted in Lincoln county in November that fact will be made known in no uncertain tones.

As we went to press Thursday afternoon, the 13th republican judicial com-

mittee was in session and had not acted on Capt. Wm. Herndon's candidacy for the republican nomination for circuit judge in this district. When the vote was taken in the committee as to whether a convention should be called or not, the committee tied up, Messrs. Davidson and Estridge voting against the making or calling for a nomination and Messrs. Swope and Ransdell for doing so. It was pretty tough on the Captain to be the only candidate for said nomination and have the steam roller machine run over his wishes in the premises, especially so too, when his own county chairman, Mr. Estridge, voted against his own county-man. Captain, you must bow to the bosses and the republican machine. However, a nomination against Judge M. C. Saufley would only have been love's labor lost.

THE Harrodsburg Republican says we are trying to butt into good company when we show up the delinquencies and the short-comings of its editor, and that it cannot afford to pay attention to small sheets. Upon what meat does the former 2x4 school teacher feed that he has grown so great. It wasn't so before he got to be Insurance Commissioner in which position he has become the laughing stock of the State. Small indeed is the head which can be easily turned and swollen to such proportions. It is not such company as his that we seek. We simply want to suggest what an infernal fool an editor is to cut such fantastic tricks because he has been clothed in a little brief authority and given a little doubtful prominence. To hell with such cattle.

OUT in Carroll county, Ill., as Lexington women do babies, they raise watermelons on the bottle. The process is simple, consisting of cutting a runner or branch vine immediately back of the developing melon, and inserting the cut end of the vine into a bottle of water sweetened with sugar. The water is quickly absorbed, resulting in increased size of melon, rapid growth and greater sweetness. One melon raised this season, after this treatment, weighed 80 pounds.

THE Lieutenant Governor who accedes to the office of Governor of Minnesota, is a Swede, whose original name was Olson, but when he married he petitioned the court, for some reason, to permit him to take the name of his wife, which was Eberhart. This is about the only case of the kind on record. By the death of Governor Johnson the Democrats lose out, as he was the only one on the ticket elected. Eberhart and the whole layout are Republicans.

SECRETARY WILSON says the price of meat goes up because the working people of this country not only eat meat three times a day but eat the best cuts. The worthy secretary seems to have been misinformed. Let him tarry awhile at the butcher stand and he will see that with the high prices prevailing the average laboring man is pretty well satisfied with chuck steaks, neck cuts and soup meat.

RECENT estimates place the supply of coal in the United States as being sufficient to last more than seven thousand years. That problem having been solved, won't some intelligent estimator, who knows what he is about, and with the conditions before him, tell us how long the republicans of Lincoln will stand machine rule in their party in this county.

"I SEEN be the fashion papers," as Hogan would say, that the feminine waist line is to be put back where it belongs. One of the saddest sights of life is to see a woman who is old enough to know better try to make herself look young by wearing the baby dresses now in vogue.

MR. S. W. HAGER has bought the Owensboro Inquirer and taken full charge. He is making it a good paper and it is already supplying a long felt demand.

POLITICAL.

Hon. John T. Hinton was nominated for mayor of Paris over Mayor James O'Brien by 50 majority.

Lee McClung, the treasurer of the Yale University, has been selected as Treasurer of the United States to succeed Charles H. Treat.

Saturday's Times printed a good picture of Miss Jennie Higgins, candidate on the Democratic ticket for Superintendent of Garrard County Public Schools.

At Jackson, J. C. Hurst, Republican candidate for County Judge of Breathitt, was shot and probably fatally wounded at Wilburst, his home, by his brother, Hannibal Hurst.

Otto T. Bannard was nominated for Mayor of New York by the Republican convention. It was announced that the ticket would have the cordial support of all the anti-Tammany organizations except the Independence League, whose delegates withdrew from the conference.

Gov. Comer, of Alabama, who has been under fire of the anti-prohibition element under the charge of having once sold liquor himself, admitted in a speech a few days ago that he did retail whisky about 40 years ago,

but that he quit 30 years ago and that he thought it now one of the greatest curses to mankind.

It was learned that Gov. Johnson had left a will and that the estate will probably aggregate \$25,000. The will was executed in May, 1897, and to his widow, Elinore Johnson, is bequeathed all his property. The will was found among some private papers in a small safe. It will be filed for probate Monday.

In keeping with the dignity of the highest office in Minnesota and to the accompaniment of tolling bells, the body of former Gov. John A. Johnson was escorted from the rotunda of the State Capitol at St. Paul with military pomp to St. Peter, Minn., where it was laid in the family lot in Green Hills cemetery.

By a large vote, State Senator Hilary E. Howze was nominated for Mayor of Nashville in a Democratic primary held. His opponents were James S. Brown, incumbent, and I. N. Hyde. The nomination of Howze is regarded as a victory for the liberal or anti-prohibition element. A majority of the City Council as nominated is in sympathy with him.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy, or if dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

BRYANT. -Mrs. Mary Bryant, aged about 70, died Sunday morning at the home of her grand-daughter, Mrs. Walter Jones, at Apalachie, Va., where she had gone only a short time ago for a visit. The remains were brought to the home of Mr. J. L. ANOTHER BLIND TIGER RAID. -Deputy Sheriff Lee Hill caught Taylor Lackey and Amelia Craig, both colored, with a large quantity of brandy and whisky in their possession. They were fined \$50 each in Judge Owsley's court. Sam Owens Hocker, colored, was also fined \$50 for the same offense. THE republicans are holding nightly meetings at the colored country school houses, telling the "dear colored brothers" how much they love them and how much they have done for them - only to soft-soap them with chin music in order to get them to do the voting while the machine crowd holds the offices and draw the salaries. MR. JASON WESLEY, republican nominee for State Senator of this district, was here Friday and Saturday to consult the bosses of the steam roller machine, but he can rest assured that the machine will be smashed into smithereens on Nov. 2nd. Such a pity to take into camp so clever a gentleman, but the Lord doeth all things for the best. 25TH ANNIVERSARY. -The German colony at Ottenheim Saturday celebrated in royal fashion the 25th anniversary of the settling of that place. Speeches were made, dancing indulged in and other pleasures helped to make the day one long to be remembered. A large crowd was present and good order prevailed. The Germans are to be congratulated on the industry shown in that vicinity, having in the 25 years of their residence there converted a wilderness into good farms and happy homes. DID you ever sit on a mossy bank and look at the sun-kissed brook as it merrily dances in glee around the protruding pebbles and feel glad that you were alive? Well, that is the same sensation that you experience when you go and see "A Pair of Country Kids" at Walton's Opera House Friday night. It is a laughing, bubbling pure heart and home story. When the curtain drops on the last act you feel as though you had been refreshed by a drink of good cool spring water. The Kids are full of fun and these two characters alone insure a good performance.

MONEY IN THE BANK.

Other people are living comfortably. Why should not you? It is so simple when you think it over. People live happily and comfortably because they don't worry. If you have money in the bank, always ready for use when you want it, yet always safe from robbery or fire, you escape a world of worry. The thing is to start a bank account - a dollar will do. If a dollar will start a bank account, YOU CAN DO IT TODAY.

Begin: Then Stick to It.

Here is something WE KNOW: a dollar in the bank draws others to it. Why? How? Because you have seen how easy it is to start and you will find it still easier to continue by putting all you can spare in the Bank. If your money comes to you in lump sums, come to our bank and deposit it. Get a book of checks, and when you pay out your money, use checks. They are safe, sure, convenient. Always know that you are paying the right amount. No danger of bills sticking together; no silver falling from your hand and slipping through a crack. Deposit with us and call our Bank Your Bank.

On a request for information from Dr. Ben L. Bruner, Secretary of State, Judge James Breathitt, Attorney General, handed down an opinion holding that any officer in this State, chosen by the vote of the people in a district larger than a county, except members of the General Assembly, must certify his nomination to the Secretary of State. The Secretary of State then shall certify the nomination to the County Clerks of the counties where the nominee is to be voted for and the County Clerks shall see that the name is on the official ballot. Dr. Bruner contended that certificates of nomination of Circuit Judges, Commonwealth Attorneys and other officers where more than one county votes for the candidates must be sent to him for certification to the County Clerks.

The Road To Success

has many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run-down or sickly. Only 50c. Guaranteed by Penny's Drug Store.

Vitalize these weak inside nerves with Dr. Shoop's Restorative and see how fast good health will come to you again. Test it and see. Sold by Penny's Drug Store.
